

## GRÁFICO DE PERFORMANCE - 60Hz PERFORMANCE CHART - 60Hz R3-320 (125, 150HP) B

Vazão ( galão/min )  
Flow Rate ( gallon/min )

4 polos - 1750 rpm / 4 poles - 1750 rpm

\* Os rebalxamentos de rotor são referenciais e seus valores reais serão obtidos após calibração em fábrica.  
\* The impeller diameters are reference only and the final adjustment will be obtained post-manufacturing.  
\* As curvas de potência mecânica representam os valores reais de conjunto, já considerando o rendimento do motor elétrico.  
\* The mechanical power curves represent the equipment real values, already considering the electrical motor performance.
