GRÁFICO DE PERFORMANCE - 60Hz PERFORMANCE CHART - 60Hz M2-370 (400, 450, 500, and 600HP) B

Vazão (galão/min)
Flow Rate (gallon/min)

4 polos - 1750 rpm / 4 poles - 1750 rpm

* Os rebatamentos de rotor são referenciais e seus valores reais serão obtidos após calibração em fábrica.
* The impeller diameters are reference only and the final adjustment will be obtained post-manufacturing.
* As curvas de potência mecânica representam os valores reais de conjunto, já considerando o rendimento do motor elétrico.
* The mechanical power curves represent the equipment real values, already considering the electrical motor performance.
